Dear Sir or Madam

**Net Tangible Asset Backing Per Share  
and 20 Largest Equity Investments at 30 September 2013**

The unaudited net tangible asset backing for the Company's ordinary shares as at **30 September 2013**, before providing for capital gains tax in respect of unrealised investment portfolio gains, was **\$27.90** per share (31 August 2013: \$26.88).

The Company invests for the long term and the Board has no intention of disposing of investments other than through takeovers, mergers or other exceptional circumstances that arise from time to time. If a provision for estimated capital gains tax in respect of unrealised investment portfolio gains was deducted, the above net tangible asset backing amount of \$27.90 would reduce to **\$23.78** (31 August 2013: \$23.00).

The calculation is based on the Company's interpretation of the law relating to capital gains tax and ASX Listing Rule 4.12.

Also attached is a list of the Group's 20 largest equity investments at 30 September 2013.

Yours faithfully,

P W Horton  
Company Secretary
