Dear Sir or Madam

**Net Tangible Asset Backing Per Share  
and 20 Largest Equity Investments at 31 March 2015**

The unaudited net tangible asset backing for the Company's ordinary shares as at **31 March 2015**, before providing for capital gains tax in respect of unrealised investment portfolio gains, was **\$35.09** per share (28 February 2015: \$35.85).

The Company invests for the long term and the Board has no intention of disposing of investments other than through takeovers, mergers or other exceptional circumstances that arise from time to time. If a provision for estimated capital gains tax in respect of unrealised investment portfolio gains was deducted, the above net tangible asset backing amount of \$35.09 would reduce to **\$29.15** (28 February 2015: \$29.73).

The calculation is based on the Company's interpretation of the law relating to capital gains tax and ASX Listing Rule 4.12.

Also attached is a list of the Group's 20 largest equity investments at 31 March 2015.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'P W Horton', is written over a light blue horizontal line.
