

2018 CORPORATE GOVERNANCE STATEMENT

INTRODUCTION

This 2018 Corporate Governance Statement was included in the Company's 2018 Annual Report on pages 6 to 9 and is current as at 21 August 2018.

This statement outlines the main Corporate Governance practices that have been adopted by the Board which, unless otherwise stated, comply with the ASX Corporate Governance Principles and Recommendations issued by the ASX Corporate Governance Council. The appropriateness of the adopted practices is subject to continuous review by the Board. Companies listed on the Australian Securities Exchange are required under the ASX Listing Rules to detail the principles and recommendations with which they have not complied and provide reasons as to why they have not done so.

The eight ASX Corporate Governance Principles and the Company's approach to them are as follows:-

1. Lay solid foundations for management and oversight

The Company has a Board of three non-executive directors and two employees, namely the company secretary/chief financial officer and a compliance manager. Due to the lack of complexity in the Company's operations no director acts as chief executive officer. In accordance with Board policy the company secretary/chief financial officer is primarily and directly responsible to the directors for the general and overall management of the Company.

The terms and conditions relating to the appointment and retirement of all directors are determined on a case by case basis within the requirements of the Corporations Act 2001 and the ASX Listing Rules. The Company provides directors and senior management, on appointment, a letter setting out key terms and conditions relative to their appointment so that they clearly understand their corporate expectations.

Under the Company's Constitution directors are subject to re-election by shareholders by rotation every three years. The Board has established a Nominations and Remuneration Committee whose responsibilities include identifying and overseeing the appointment of new directors with the necessary and desirable competencies. Prior to the appointment of directors, appropriate background and reference checks are undertaken.

Newly appointed directors must stand for reappointment at the next subsequent AGM. The Notice of Meeting for the AGM provides shareholders with information about each director standing for election or re-election including details of relevant experience. Details regarding the current directors are included in the Company's Annual Report on page 5.

Letters setting out the terms of appointment have been issued and acknowledged in writing by each director.

The primary responsibility of the Board is to develop the overall strategy of the Company and to preside over the management of the Company to protect and enhance shareholders' interests. The Board's role is to ensure the Company meets its obligations and responsibilities in all areas affecting shareholders, the market and the community generally. The Board's roles and responsibilities which include strategic direction of the Company, governance and operating performance, are set out in its Charter which is reviewed on a regular basis. A copy of the Charter is available on the Company's website. The policies and procedures detailed in this Statement have been instituted by the Board to ensure that the Board's roles and responsibilities are complied with. The Board is assisted in the execution of its responsibilities by the Audit and Risk Committee and the Nominations and Remuneration Committee, both of which are chaired by an independent non-executive director.

2018 CORPORATE GOVERNANCE STATEMENT

1. Lay solid foundations for management and oversight (continued)

Meetings of the Board are held regularly during the year. In any month where a meeting does not take place the company secretary still prepares a detailed report for the Board's information and consideration.

The most recent performance evaluation and remuneration review conducted by the Nominations and Remuneration Committee for the company secretary/chief financial officer was carried out in May 2018, after reference to current market rates. Detail of remuneration for the company secretary/chief financial officer is set out in the Company's Annual Report on page 11.

The company secretary/chief financial officer is responsible to the Board for the implementation of the strategy and management of the Company. He manages the Company's operations in accordance with the strategy, business plans and policies approved by the Board to achieve agreed goals. He acts as public officer for taxation matters and is responsible for the Company's continuous disclosure requirements of the ASX.

The company secretary/chief financial officer is accountable directly to the Board through the Chairman for matters relevant to the Board.

The Company's policy on diversity stipulates that there is to be no discrimination in respect of race, creed or gender when seeking potential candidates for Board positions. This policy also applies to employees. Currently the Company has a Board of three male directors and one male and one female employee. The size of the Company's operations does not provide widespread opportunities to have a workforce covering all sections of the community.

2. Structure the Board to add value

The Board's policy is that, of the three directors comprising the Board, two must be independent non-executive directors not having a major shareholding in the Company, not having been a principal or employee of a professional advisor or consultant to the Company within the previous three years, not having been employed in an executive capacity by the Company and is free of any business or other relationship that could materially interfere with the exercise of their unfettered and independent judgement. Both Mr Clark and Mr Bleach are independent non-executive directors having served on the Board since 2000 and 2014 respectively. Due to the nature of the Company's activities it is not considered that Mr Clark's length of service as a director could, or could reasonably be perceived to, materially interfere with his ability to act in the best interests of the Company. The Chairman, Mr A G Rydge, due to his related interests in the Company, is not considered to be independent however, the remaining members of the Board do not consider that this in any way diminishes the efficient organisation and conduct of the Board's function.

The Company seeks to maintain a Board of directors with broad knowledge of and involvement in the finance and investment sectors with past financial and management experience, preferably with publicly listed companies. It is the Company's policy that there is to be no discrimination in respect of race, creed or gender when seeking potential candidates for Board positions. The Board has developed a matrix to consider the mix of appropriate skills, experience and expertise for Board membership. As well as the general skills expected for Board membership; the matrix includes items such as relevant experience in investment portfolio management and capital management.

In accordance with the Charter it evaluates by discussion the Board's and each individual director's performance on an annual basis, assesses the necessary and desirable competencies of Board members and reviews succession plans taking into consideration the range of skills, experience and expertise of the current members. Fees paid to the non-executive directors (there are no executive directors) are set each year by the Committee and, after reference to current market rates, are based on the nature of each director's performance and responsibilities. In accordance with the Corporations Act 2001 total fees for all directors are within the maximum amount of fees that have been approved by the shareholders at general meetings to be paid to the directors.

Directors do not receive any form of remuneration other than by way of payment of directors' fees for past service and the Superannuation Guarantee levy. No commitments have been given to make a payment to a director on retirement. They do not receive any options over shares in the Company. Details of directors' remuneration are set out in the Company's Annual Report on page 11. The Chairman meets with each director and officer to discuss matters affecting Board and management effectiveness as and when they arise. Each director also may at any stage raise appropriate matters with the Chairman.

Subject to prior discussions in a Board meeting, each director is entitled to seek independent professional advice at the Company's expense provided such advice is essential for the execution of the director's obligations.
